

EcoMail

Now frank even small postal volumes both economically and ecologically.

NOW FRANK EVEN SMALL POSTAL VOLUMES BOTH ECONOMICALLY AND ECOLOGICALLY.

PBSA's philosophy – that any innovation must have both immediate and long term benefits for its customers – has made it a respected name among postal professionals world-wide. The EcoMail Generation is the latest and most powerful expression of this philosophy. A fast, reliable, fully modular, expandable franking system, driven by advanced System Intelligence, with exclusive ComTouch™ ease of use. New-generation EcoMail delivers unique performance and user benefits that enable you to manage every mailing faster, more easily and eco-nomically than ever before.

PRODUCT HIGHLIGHTS:

Touch it!

The exclusive ComTouch™ springs to life, immediately displays every function you need and guides you through the entire franking process step by menu-guided step. That's System Intelligence.

Save with it!

The recharge-able ink-ribbon cassette EcoFill is another exclusive feature that is environmentfriendly and saves money too. And to change the ink-ribbon is child's play!
